Seedless varieties of trees are highly recommended for use in boulevards.

*Proper care and trimming of young trees will help them grow in such a way that major trimming to meet street and sidewalk heights will be greatly reduced as the tree matures.

Location of tree(s) to be planted: _____

13-1-16 - REGULATION FOR PLANTING TREES IN THE BOULEVARD

After a permit has been obtained, the planting shall be completed in accordance with the following regulations.

- A. No tree or planting shall be planted or permitted to grow in such a manner as to impede vision between a height of three (3) feet and ten (10) feet above the centerline grades of the intersecting streets in the area bounded by the curb lines of such corner lots and a line joining points along said street lines forty (40) feet from the point of intersection as stated in Brandon Municipal Code 15-14-1.
- B. No tree shall be planted where the distance from the sidewalk to the back of the curb is less than five (5) feet.
- C. No tree shall be planted closer than three (3) feet from the back of the curb.
- D. Trees shall be planted a minimum of 30 feet apart unless with prior written approval from the City of Brandon.
- E. The expense for planting and care of trees shall be the responsibility of the owner of the adjacent property.
- F. Only designated trees from the City’s approved list shall be planted on the boulevard.
- G. The owner of property shall locate all utilities by placing a call to South Dakota One Call prior to planting.
- H. Trees shall be placed at least 10 feet from a fire hydrant.
- I. Trees shall be placed at least 15 feet from a street light.
- J. Trees shall be placed at least 20 feet back from a stop/yield sign.
- K. No trees shall be placed on any property line.

Signature of Owner: _____ Date: _____
